Maria's Business Entity

I'm a Sr. Product Manager by trade and Julian is a Designer & Engineer yet we love working with people one on one by serving them a product or service directly. There's something about the people connection that excites us and keeps bringing us back to local business ownership. In other words, we're "going for what gives us energy and brings tangible value to our local Austin community"

Business experience

My husband and I have owned and operated various ecommerce businesses before. While we enjoy the online aspect of it, we also had a local sign shop in Florida that we loved. It's the entrepreneurship aspect of it that energizes us, and we add the ecommerce flare to each endeavour. Currently, he's a design manager and software developer with Callaway Golf and I'm a Sr. Product Manager with Pluralsight.

Reason for buying

We want to be in charge of our future. Running our own business allows us to be creative by leading and executing on new ideas as well as being able to in charge of our income. My current employer is going through multiple rounds of layoffs and I know I don't want to be left to chance to be next.
